

Order Form

<p>The first discussion describes our view of the cause and proper treatment for obstructive, restrictive lung diseases. It is over twenty-five pages. (Fully footnoted from extant medical literature.) This has been under study for twenty years. It worked in research then, it works in practice now.</p>	<p>\$19.95 in US dollars</p> <p>Check Here to order <input type="checkbox"/></p>
---	--

<p>The second discussion describes our view of current treatments for asthma and what's wrong with them. It specifically discusses how our approach differs and is better. This is a four page document (fully footnoted from extant medical literature.)</p> <p>It is advisable to obtain both discussions, but the first work is the more important. We intend to post updates on this web site to our members, as new information becomes available.</p>	<p>\$7.95 in US dollars</p> <p>Check Here to order <input type="checkbox"/></p>
